

A TF1 top-rating prime-time series

Josephine

Guardian Angel

It may be hard to believe but everyone has a guardian angel to look over them.

Someone to guide, to help and to give courage. Often a guardian angel's intervention is put down to chance. However, as this series shows, there is someone there to guide us towards a better life.

Each film, starring Mimie Mathy as the guardian angel, shows her going to help out individuals in difficulty. Her interventions are surprising, funny and sometimes outrageous but always timely and ultimately well received.
